

Adrita Khan

Software Engineer · Cloud & Security

Mississauga, ON | adrita.khan@torontomu.ca | 647-852-4124 | [LinkedIn](#) | [GitHub](#)

SUMMARY

Computer Science Graduate (HBSc, June 2026) with a prior Honours Life Sciences degree and hands-on full-stack experience through a software engineering fellowship and MERN projects. Background spanning teaching, leadership, and running an online business. Open to software engineering and full-stack developer roles.

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript, HTML/CSS, Assembly, Bash, Prolog, Smalltalk, Elixir, Haskell, Rust

Web & Frameworks: MERN (MongoDB, Express, React, Node.js), SQL

Tools: Windows, Linux (Ubuntu), Git/GitHub, VS Code, Wireshark, VMware, RStudio, Eclipse, PyCharm

Languages: English, French, Bengali

PROJECTS

Full-Stack Web Application (*In Progress*)

2026

MERN stack | [repo](#)

- Building a web app with credential-based user authentication where users register, log in, and manage (upload, edit, delete) only their own photos and data.
- Implementing authentication and authorization so each user can access and modify only their own resources; applying access-control principles end to end.

Personal Portfolio Website

2024

HTML, CSS, deployed | [repo](#)

- Customized and deployed a responsive personal portfolio presenting projects, research, and experience, with linked documents and social integrations.

EXPERIENCE

Software Engineering Fellow — Headstarter AI (Remote)

Jul 2024

- Selected for an intensive, project-based fellowship building full-stack web apps with React, Next.js, and HTML/CSS.
- Collaborated with peers on weekly build sprints, iterating on applications under deadline.

Primary Instructor — Kumon Math & Reading, Mississauga, ON

2016–Present

- Tutor students in math and reading, tailoring material to individual learning gaps and tracking measurable progress.

Owner — Afsara's Elegant Jewellery

2020–Present

- Run an online jewelry business end to end: marketing, customer communication, and order fulfillment across Instagram and Facebook.

EDUCATION & CERTIFICATIONS

B.Sc. with Honours, Computer Science — Toronto Metropolitan University

2022–Jun 2026

Honours B.Sc. with Distinction, Life Sciences — University of Toronto Mississauga

2016–2021

Double Major: Biology for Health Sciences & French Studies

- **Awards:** University of Toronto Scholar (\$6K), UTM Entrance Scholarship (\$3K), Merit Award, Lieutenant Governor's Award (600+ volunteer hours).

LEADERSHIP, ACTIVITIES & RESEARCH

- **Leadership (2017–2021):** VP, Boss Women Club; Facilitator, FRE272 Study Group; Mentor, Erindale Biology Society; Coordinator, UTM Helping Hands — led study sessions, planned events, and managed budgets.
- **Research Student, UofT Mississauga (2019–2020):** Co-conducted a study on transformative learning in science and authored a cross-disciplinary literature review.
